What do you get as a MedPro Group insured?

PURE CONSENT TO SETTLE

This provision means you have the right to refuse to settle — unlike many insurance competitors who have exceptions in their consent provision. If you want to fight your claim in court, you should have the right to do so.

UNRIVALED CLAIMS DEFENSE

While you've spent years working on your specialty, we've done the same with our specialty — claims defense. MedPro Group has managed more claims than any other carrier. It's just one reason why 80% of our claims close without payment.

The Bays Medical Society was established as an organization in 1948 and has been serving the physicians and patients of the Panama City area ever since. Because of the growth and expansion, in 2014 the society evolved into the Emerald Coast Medical Association.

We hope to continue our mission of “Empowering Physicians to Promote the Highest Quality Patient Care” for a very long time.
