President's Letter

Don Davis, MD, FACC
President

For the better part of a century the Emerald Coast Medical Association has been assisting doctors in Bay and surrounding counties to deliver the highest quality care to the denizens of our community. Weathering storms, crises, and the vicissitudes of life, our association has been stalwart in utilizing its resources to benefit the physicians and subsequently patients of our region. Some of those resources include facilitating connections between patient and physicians, enabling physician transfers in different stages of their career, obtaining necessary insurances at excellent group rates, and unifying our voice to affect legislative change in the state of Florida for the betterment of patients. In short, we help doctors be doctors and I'm proud to lead this ever-expanding group in its current iteration.

You hold in your hand an extremely valuable resource. This is the membership in totality and their contacts. Contained within you will find the phone and practice addresses of a wealth of specialists, subspecialists, primary care and hospital staff all eager to help. Our membership spans six decades of expertise and brings a diverse racial, religious, and ethnic perspective to our community. Anyone within will provide the same level of care to your patients as we would our own families.

The Emerald Coast Medical Association strives to be your go-to resource for excellent medical care in our community. We are proud to serve the Florida panhandle and excited to see how our influence increases in the coming decades. We look forward to taking care of you and your families.

Sincerely,

Don (Donnie) Davis, MD, FACC

Hope Florida - A Pathway to Prosperity: Uniting communities through Hope Navigators to guide Floridians on an individualized path to prosperity, economic self-sufficiency and hope.

Spearheaded by First Lady Casey DeSantis and implemented by the Florida Department of Children and Families, Hope Florida utilizes Hope Navigators to guide Floridians on an individualized path to prosperity, economic self-sufficiency and hope by focusing on community collaboration between the private sector, faith-based community, nonprofits and government entities to break down traditional community silos, in an effort to maximize resources and uncover opportunities.

These Hope Navigators are essential in helping individuals identify their unique and immediate barriers to prosperity, develop long term-goals, map out a strategic plan, and work to ensure all sectors of the community have a 'seat at the table' and are part of the solution.

Who benefits from A Pathway to Prosperity?

- Public benefit customers statewide
- Children aging out of foster care
- Pregnant mothers contending with substance use disorders
- Parents and families who need assistance

Services offered by Hope Navigators:

- Identifying goals and barriers
- Referrals to local, community-based partners
- One-on-one support to develop a plan to achieve economic self-sufficiency

If you need to connect with a Hope Navigator, call 850-300-HOPE.
